

Career Profile

Hotel Handyperson

Overview

Hotel handypersons carry out maintenance tasks, oversee workflow of plumbing, electrical work, and general repairs to keep hotels running smoothly.

Requirements

- Practical skills
- Problem-solving
- Physical fitness
- Basic technical knowledge
- Hand tools and power tools
- Organisation skills

Training

A trade qualification in plumbing, carpentry, or electrical work may be required for certain roles, but some roles require general handyperson experience.

Opportunities

Handypersons can work in hotels, resorts, or apartment complexes, with opportunities to specialise in maintenance or facilities management.
